There are standards
 of excellence
 in the jewelry business.

And people
 who uphold them.

Before you select the ring or jewelry you'll wear and cherish a lifetime, it's important to find a jeweler who can explain the 4 C's and two months salary guideline.

Diamonds and fine jewelry cannot be judged on appearances alone. Subtle differences in quality can greatly affect value and price. That's why the experience, ethics and credentials of your jeweler are so important.

We're proud to be members of the American Gem Society, a group of jewelers in North America dedicated to consumer protection. Since its founding in 1934, the society has upheld the highest ethical business standards. We're tested annually to maintain membership. AGS certification is your guarantee of ethics and knowledge.
